The ALA C.H.A.R.G.E!

Abbott Lawrence Academy is a highly structured 9-12 school that seeks to engage all learners through our CHARGE! The ALA CHARGE represents the Values, Vision, and Mission that inform our daily practice.

Values – *Our community's beliefs, which underpin everything we do.*

-  **C**itizenship
-  **H**ardwork
-  **A**cademic focus
-  **R**isk taking
-  **G**rit
-  **E**nthusiasm
-  **D**etermination

Vision Statement – *Our ideal destination; where our school wants to be.*

ALA believes that we are a family that fosters student development academically and socially while equipping students to matriculate and succeed in higher education and beyond. By retaining the best and brightest in Lawrence, ALA works to integrate and ensure all students are active contributors to the Lawrence High School community while empowered to transform and advance the city of Lawrence as a whole.

Mission Statement – *The route to our destination; it is specific to our school and what we do on a daily basis.*

Abbott Lawrence Academy is a 9-12 community that provides a high quality, rigorous, college preparatory education for each student in a safe and nurturing learning environment that values hard work, determination and citizenship. By enlisting families and community partners, ALA promises a first-of-its kind experience: the personalization of an accelerated academic program combined with access to the robust enrichment programs available at LHS. The result is a school that challenges students every day and ultimately prepares them for admission to the nation's most competitive colleges and universities.
